

Urban Missions Trip

Dear

Recently an exciting challenge was presented to me and I'd like to share it with you. It's something I believe you would consider worthwhile.

I will be part of a group that will take part in a 6-Day Urban Missions Trip on _____. I will be going to City on a Hill, a Christian inner city ministry in Milwaukee, WI. City on a Hill works to save children, reach parents and transform their families in their central city neighborhood. I will be involved in children's ministry, Adopt-a-Block neighborhood outreach, and street evangelism. I will also be participating in a poverty simulation where I will be living at the income level of the families in their neighborhood. I will learn the importance of compassion, servanthood, evangelism, and racial reconciliation while doing ministry.

Milwaukee is the **7th poorest city** in the United States. **41.3%** of the children in Milwaukee live in poverty. **80%** of the babies are born to single mothers. Within one mile of City on a Hill, **74%** of the homes are headed by single parents. **44%** of adults in their neighborhood have not completed high school, and the unemployment rate is more than **10x** the national rate. This city is in need dire need of help. Milwaukee needs the light of God to be shown brightly through their inner city. Jesus told His disciples to let their light shine. That's what I want to do in Milwaukee. For more information on City on a Hill, visit their website at www.cityonahillmilwaukee.org.

Each team member is responsible to raise their own funds. The cost of the trip is \$_____ per person. This includes housing, all food, ministry supplies, and project expenses for the trip. *Will you please partner with me by sponsoring me for a portion of the trip?* Your donation to City on a Hill will be tax deductible.

I appreciate whatever you can do to help me. More than anything, I would appreciate your prayers as I prepare for the trip. Thanks for your continuing support and commitment.
